Hi Jasey.

I've reached out to Carol, but we will probably just pick one of the 2 abstracts to use. I'll let you know on Monday. In the meantime, I realize I left out David Kluesner's name by mistake on the form. I should've included him as another abstract author. He's not presenting but he was involved in writing the abstract. Sorry for the oversight. If you need me to redo and resubmit that form let me know.

Thanks,  
Elizabeth

Elizabeth,

I will let the Director know of these changes. The good thing is we had you both presenting back to back in the same session, so in regards to the schedule, it won't make much of a difference.

I am a little confused however on the abstracts. You just submitted a combined form but are you having 2 separate abstracts or will you be resending a new one? If your sending a new one, I will need that by Monday as well.

Hope to hear from you soon.

Best,  
Jasey

Hi Jasey.

I'm attaching below the abstract submittal form you requested, however, I've made some slight edits from the original abstract I submitted. It turns out that Carol Johnston of the Ironbound Community Corporation and I were both intending to give pretty much the same presentation. So we decided we would merge our presentations and give one joint presentation at the conference instead. The focus will be on the community involvement in the design and planning of the Passaic dredging action that just occurred, but I will give a brief technical summary of the project as well. I hope this doesn't screw up your planning process, but it didn't make sense for the 2 of us to essentially give the same presentation.

Any questions please let me know. In the meantime, I will write up our bios to get to you by Monday.

Thanks,  
Elizabeth

Mr. Kluesner and Ms. Butler,

Congratulations on your accepted abstract for the 2012 Passaic River Symposium.

Please fill out the attached Abstract Submission Form and indicate whether your presentation will be oral or poster. You can email the form back to [pri@montclair.edu](mailto:pri@montclair.edu).

Regards,  
Jasey Araque
